

Our New Branch is *YOUR* Business.

Marine Bank & Trust is proud to offer our newest business banking service... *eDepo\$it™*. Through a partnership with Computer Service Professionals, Inc. (CSPI), you can make your daily check deposits without ever leaving the office! Find out today how this state-of-the-art convenience is a way for your business to save time and money.

How Does It Work?

- Checks are electronically scanned at your business and converted to digital images.
- The deposit file is then encrypted and sent over the Internet.
- Mercantile receives the check images and posts the deposit to your business checking account.
- You will receive an email confirmation that your deposit has been processed.

What Technology Is Required?

eDepo\$it requires 1.9 GB of hard drive storage space to run eDepo\$it operating system and to store 1,000 checks for 180 days with the front, back, image and MICR (Magnetic Ink Character Recognition) information. You will need:

- Internet Connection (broadband recommended)
- USB 2.0 Port
- CD Burner
- Processor Speed: 2.8 GHz
- Operating System: Windows XP
- Memory: 512 MB
- Hard Drive Space: 40 GB (this requirement depends on volume and retention days)

We provide desktop scanning equipment, PC-Based software and hands-on training at competitive prices.

How Does It Benefit My Business?

- You can do your banking on your time.
- Extend banking business day to 4:00 p.m.
- Improves funds availability and cash flow.
- Concentrate cash from multiple locations and entities due to consolidation of bank relationships.
- Saves you time. You can deposit checks without leaving the office.
- Reduces transportation costs and physical deposit preparation.
- Improves accuracy of deposit process.
- Improves accounting staff efficiency and productivity with tools to enhance your processing and research of customer check payments.
- Reduces risk of fraud as returned items will be identified sooner.

30 Day,
No Obligation,
Try It and Buy It Offer!

Call us today to set up an appointment. We will walk through the process with you step-by-step, including running your first eDepo\$it from your location. And, should you ever have questions or need eDepo\$it scanner equipment service, our Business Banking professionals are available to provide you same-day personal assistance.
